

Childcare Bus

PROTECTING THE LITTLEST PASSENGERS

When it comes to transporting the littlest passengers, childcare companies prefer Collins' non-CDL Childcare Buses for their versatility and trusted performance. Engineered with the same industry-leading strength and safety for which Collins is so well known, these childcare buses help protect and deliver children to their destinations safe and sound. Collins is proud to protect precious passengers along their travels and continue a legacy of innovation.

Childcare Features

- Non-CDL for 14 passengers and under
- Collins' exclusive external storage compartment
- 5-year body warranty and limited lifetime paint warranty
- Innovative electrical system offers easy-to-access service points
- Altoona-tested, simulating 7 years and 200,000 miles of wear
